

Water

H₂O=Life

Water: H₂O = Life

November 14, 2009 – April 11, 2010

Learn about water as if your life depends on it...because it does. Explore the beauty and wonder of water in this visually stunning exhibition that illuminates one of the most pressing challenges of the 21st century: the sustainable management of this life-giving, but finite, resource.

Water: H₂O = Life is organized by the American Museum of Natural History, New York, and the Science Museum of Minnesota, St. Paul, in collaboration with Great Lakes Science Center, Cleveland; The Field Museum, Chicago; Instituto Sangari, São Paulo, Brazil; National Museum of Australia, Canberra; Royal Ontario Museum, Toronto, Canada; San Diego Natural History Museum; and Science Centre Singapore with PUB Singapore.

AMERICAN MUSEUM OF NATURAL HISTORY

Fall

Water Exhibition opens November 14

Saturday LEGO® Series

9:00am - 12:00pm, October 10, 17, 24 and 31

- Learn the fundamentals of LEGO robotics building and programming using the LEGO NXT model
- Create and build your own robot capable of performing tasks unaided by humans
- Sessions available for grades 2-5
- Limited to 24 students
- Register at GreatScience.com

MEMBERS
receive special
discounts!

NEW! Fall Classes for Kids

All classes operate 8:30am - 3:30pm

- Lunch options and extended care available
- Camp available for grades K-8
- Register at GreatScience.com

MEMBERS
receive special
discounts!

Pumpkin Blast – October 16

The Sky Tonight – November 3

From Here to There: Science of Transportation – November 11

Spooky Science

5:30pm - 8:30pm, October 23, 24 and 30

\$12 per person, \$10 for members

- Listen to eerie stories after dark aboard the Steamship *William G. Mather*
- Experiment with slime and enjoy special Halloween-themed demonstrations
- Reservations at 216.621.2400

BioMedTech Speaker Series

1:30pm, October 24 and November 7

- **Super Hero Science – October 24:** See how biomedical engineers make what happens in movies a reality with hands-on demonstrations using functional electrical stimulation (FES)!
- **Diabetes: Causes and Cures – November 7:** Utilize hands-on demonstrations to explore the anatomy of the eye, simulate vision with diabetic retinopathy (blindness) and observe the fat-sugar-protein ratios in common foods.

NEW! Science Evenings – GLSC: After Dark

5:30pm - 8:30pm, November 18, January 22 and February 10

\$12 per person, FREE for members

- Exclusive after-hours access to hundreds of hands-on exhibits
- Special demonstrations by GLSC education staff
- Includes admission to *Water: H₂O = Life* exhibition
- Reservations at 216.621.2400

Winter

Winter Break Camps

8:30am - 3:30pm daily, December 21-23 and December 28-31

- Join the fun of daily science camps where hands-on learning, science exploration, wacky experiments and new friends are a great addition to your winter vacation
- Lunch options and extended care available
- Camps available for grades K-1, 2-3, 4-5 and 6-8
- Register at GreatScience.com

FOR MEMBERS!

New Year's Eve 7:00pm - 11:30pm, December 30

- Enjoy festive demonstrations and warm snacks
- Take a spin around our carpet skating rink and view an OMNIMAX® movie
- Ring in 2010 with a countdown, ginger ale toast and balloon drop with 1,500 balloons
- Reservations at 216.621.2400

ONE NIGHT
ONLY!

Water Wonders Overnight Camp-Ins January – May, 2010

(Visit GreatScience.com or call 216.621.2400 for a complete list of dates)

- Discover the physical and chemical properties of water, learn about the Great Lakes ecosystem and view life in a single drop of water
- See *Mysteries of the Great Lakes* in the OMNIMAX Theater
- Sleep overnight among the exhibits at Great Lakes Science Center

Demonstrations and Workshops

Experience daily activities for everyone in the family; from Science Stories and Tiny Tools for the smallest scientists, to It's Electric and Under Pressure for the rest!

Check out our daily Visitors Guide for times and locations.

Great OMNIMAX Theater films

Sea Monsters: A Prehistoric Adventure – opens November 2009

Light Before Christmas – November 13, 2009 – January 7, 2010

COMING ATTRACTIONS

Strange Matter: May 29, 2010 – January 3, 2011

Touch it! Twist it! Smash it! Discover the amazing science behind everyday stuff in this fun, hands-on exhibition. A dynamic blend of physics, chemistry and engineering, this field of research studies how things are put together, how they might be improved or how they can change to create brand new materials.

Presented by Materials Research Society. This exhibition and its tour are made possible by the generous support of the National Science Foundation, Alcan, Dow, Ford Motor Company Fund, Intel® Innovation in Education and the 3M Foundation.
